RESOLUTION OF THE BOARD OF SUPERVISORS OF
ORANGE COUNTY, CALIFORNIA
March 15, 2011

WHEREAS, Trabuco Creek Road (TCR”), as legally described by Exhibit “A” hereto, which is incorporated herein by this reference, is a road located in the Trabuco Canyon area of unincorporated Orange County; and

WHEREAS, TCR has a long history of continuous and unimpeded public usage going back to the early decades of the 20th Century for residential, recreational, commercial, public utility, and emergency services purposes; and

WHEREAS, TCR provides, and has provided for many years, the only feasible access to the area for fire suppression and other emergency services and for public road access to homes and businesses along TCR, to the Cleveland National Forest, and to significant recreational resources and opportunities; and

WHEREAS, the County has received and accepted conveyance from the Trabuco Canyon Water District (“TCWD”) of an easement for road purposes as to all portions of TCR that are located on real property owned in fee simple by TCWD; and

WHEREAS, the County is in the process of obtaining from the United States of America (acting by and through the Forest Service, Department of Agriculture) (“U.S. Forest Service”) an easement for road purposes as to all portions of TCR that are located on real property owned in fee simple by the U.S. Forest Service; and

WHEREAS, portions of TCR traverse real property (approximately 40,477 square feet) that is owned by the County and currently listed within the inventory of assets of the County’s OC Parks Department; and

WHEREAS, due to the minimal requirements and standards for road construction and maintenance in the early part of the 20th Century, TCR does not meet current County standards for roads or road maintenance and has deteriorated significantly to the point of having become unacceptably rough and rocky, and unsatisfactory for purposes of convenient and safe public usage; and

WHEREAS, given TCR’s location and manner of construction, it is financially, physically and environmentally infeasible to improve TCR to current County standards due to geological, topographical, environmental and habitat considerations; and

WHEREAS, TCR was not laid out or constructed by the County and, therefore, Section 906 of the California Streets & Highways Code regarding minimum highway widths does not apply to TCR; and

WHEREAS, applicable law regarding the use of funds dedicated to improvements to streets and highways (“Road Funds”) provide funding for public road maintenance and rehabilitation

projects, provided that the Board of Supervisors has accepted the public road as a part of the County Road System; and

WHEREAS, the Board of Supervisors desires to include the rehabilitation and resurfacing of TCR in the County's projects using Road Funds; and

WHEREAS, in order for the County to fund the planned improvements to TCR using Road Funds, it is necessary to process as asset transfer from OC Parks to the County Road System as to the portions of TCR legally described by pages 1 and 55-60 of Exhibit A hereto, which is incorporated herein by this reference.

NOW, THEREFORE, BE IT RESOLVED that this Board hereby:

1. Finds that Trabuco Creek Road ("TCR") as legally described and depicted by the legal description and Right-of-Way Map that are attached hereto as Exhibit "A", which is incorporated herein by this reference, is necessary to the public convenience and shall be established, recorded, and maintained as a County maintained road and shall become part of the Orange County Road System.
2. Finds that TCR is and was long ago accepted as a public road by operation of the doctrine of common law dedication due to continuous and unimpeded public usage of TCR since the early decades of the 20th Century.
3. Approves an asset transfer from the OC Parks to the County Road System as to the portions of TCR that are legally described by pages 1 and 55-60 of Exhibit A hereto.
4. Incorporates TCR and the respective road rights-of-way described in Exhibit A including that easement to be received by the County from the U.S. Forest Service into the Orange County Road System.
5. Directs the Clerk of the Board to return this resolution to OC Public Works/Real Estate Services, who shall cause a certified copy of this resolution to be recorded without acknowledgment, certificate of acknowledgment or further proof, in the office of the Recorder of the County of Orange upon receipt by the County of the easement from the U.S. Forest Service.
6. Declares that this resolution shall be effective upon recordation by OC Public Works/Real Estate Services of a certified copy of the resolution in the office of the Recorder of the County of Orange.
